

Disposable Square Turbo Mixers

Series 295 Disposable Turbo Bayonet Mixer

Provides superior fluid mixing performance.

The patented Series 295 Turbo Mixer™ is a disposable static mixer which ensures superior mixing performance and allows the operator to be closer to the work piece.

The Turbo (square) geometry consists of a series of alternating left- and right-hand elements with intermittent flow inverters. The flow inverters effectively channel the fluids from the walls into the center of the mixer and from the center to the walls.

Features

- About two third of the length of comparative spiral mixers
- Consistent high-quality mixing
- Cost Savings due to reduced adhesive waste
- Improved service life compared to competitive square mixers
- Bayonet detail fits on standard 50mL cartridges

Specification

- Elements: Polypropylene
- Housing: Polypropylene

For use with:

- 50mL Side x Side Cartridges
